

Happy 219th anniversary!*

*of Captain Arthur Phillip taking possession of 'the colony'.

Oz-failed-ya, and left us no voice,
Poor we, ruled by John-nee;
His mates well oiled with media spoils,
Wheatboard war Hicks and sleaze;
Our Muslims bear the brunt of it,
So we will vote him there.
Bin wars to wage despite our rage-
Beer helps us not to care.
Our flag-filled brains eat race bait spin
To make Australia scared.
